When you are making a personalized pandora charm bracelet, there are few things that you ought to keep in mind. The bracelet is the very first thing that you have to choose when you are making a custom Pandora charm. The bracelet must be a good 2 inches more than the size of the wrist so that the charms can fit in the bracelet without causing much difficulty for you. You would have to then select the clasp for the bracelet. You could choose from a regular lobster clasp or a Pandora clasp. The Pandora would appear just as another charm.

The next thing that you have to choose is the Pandora clips this will aid to split the bracelet into different sections. It is best if you divide your bracelet into three different sections. What you have to do next is choose the charms which you would like to put in your bracelet. You could choose your favorite animal, zodiac signs, letters or several other designs that are

available. You can choose as many charms as you will like. You can also leave some gap in the bracelet so that you could add charms to it later on.

The last but not least thing in making your Pandora charm bracelet is adding spacers to it. These spacers are primarily utilized to fill the gap between the charms. They provide more volume to your bracelet. With this you have made your Pandora charm bracelet. You could gift it to your friend or family or you could wear it on your wrist.
